

Funding & Incentive Facilitation

Get the money your project needs: government incentives, bank loans and private capital, with fees you can see up front.

WHO IT IS FOR

- Promoters building a new factory or expanding one
- Electronics, component and semiconductor projects eligible for central or state schemes
- MSMEs preparing for a term loan or working-capital limit
- Companies seeking an investor or strategic partner

WHY BIZTEK

- First-hand plant experience behind every number
- Schemes checked against the rules on the day of filing
- Works hand in hand with a BizTek DPR

WHAT YOU GET

Incentive Map

1–2 weeks

Which central and state schemes you qualify for, what they could be worth, and when to file.

Scheme Application

4–12 weeks

The application in the scheme's format, supporting documents, and answers to queries until approval.

Claims Management

Yearly

Disbursement claims, CA certificates and records for audits, year after year.

Debt Arrangement

6–12 weeks

Information memorandum, CMA data, approach to 3–5 lenders and term-sheet comparison.

Equity / Strategic Partner

3–9 months

Investor-ready pack, target list, outreach, data room and term-sheet support.

HOW WE WORK

01

Map

Eligibility and value across schemes and funders

02

Prepare

Documents, model and pack built to the funder's format

03

File & follow

Submit, answer queries, track every step

04

Receive

Sanction, disbursement and yearly claims

TRANSPARENT FEES

Our fee commitment

- A fixed fee for the work, agreed before we start
- Any success fee is modest, capped and written down, and paid only when you receive the money
- No success fee on a loan for a DPR we wrote
- We take no payment from lenders or investors while we act for you

Works with: DPR (bankable reports) · Project Management (incentive-claim milestones) · CXO on Call (fractional CFO)
