

Testing & Certification

Get your product or plant the tests and certificates it needs to sell in India and abroad — planned, coordinated and prepared by us, tested by accredited labs.

WHO IT IS FOR

- Electronics and IoT product makers launching in India
- EMS and component makers serving OEM and export customers
- Exporters needing CE, UKCA, FCC or UL marks
- Plants preparing for ISO, IATF 16949, AS9100 or ISO 13485

WHY BIZTEK

- Engineers who know the product, the line and the standard
- Accredited third-party labs chosen on merit, at least two quotes
- One partner from roadmap to certificate and renewals

WHAT YOU GET

Certification Roadmap

1-2 weeks

Which tests and approvals each target market needs (BIS, TEC, WPC, BEE, CE, FCC, UL), with standards, labs, cost and timeline.

Test & Lab Management

4-12 weeks

Test plan, lab selection, sample preparation, test witnessing and failure follow-up with your design team.

Certification Management

6-16 weeks

Applications on BIS, TEC and WPC portals, technical file, factory-inspection readiness and query responses.

System Certification Readiness

3-9 months

Gap assessment and implementation for ISO 9001, IATF 16949, AS9100 or ISO 13485, internal audits and audit support.

Compliance Retainer

Yearly

Renewals, surveillance, series approvals, new models and changes in standards.

HOW WE WORK

01

Map

Markets, standards and approvals for each product

02

Plan

Test plan, lab quotes and sample preparation

03

Test

Witnessing, fixes and re-tests until it passes

04

Certify

Applications, inspections, certificate and renewals

STANDARDS

Our independence commitment

- You pay the lab and the authority directly; we take no commission from any lab
- We prepare you; the lab tests and the certifying body certifies
- Samples and results are never altered; a failure is reported the same day
- Every contact with BIS, TEC or WPC follows our Integrity Code

Works with: Project Management (commissioning and qualification) · Go-to-market (export markets) · CXO on Call (Quality) · BizTek Academy (IPC and quality training)
